Broadfields Bounty is an extra dark red, smooth and of the modern type. This picture shows him in breeding form. His sire needs no introduction. Divide Grand Duke was purchased at the 1941 International as a calf at the top price of \$1,000.00. His calves have and are still proving that he was a good investment.

Broadfields Bounty's dam was also a good investment. She was imported to Canada and leaving a bull calf in Canada that today is making history for himself. He is ROYAL EDWIN and he sired the reserve champion female at the International Congress Show and Sale, December, 1943. This beautiful bred Imported Augusta Valeria cow has dropped but the two bulls, Royal Edwin and Broadfields Bounty. We have a right to expect as much if not more from this bull than we would from his half brother. I am sure that when you see his calves you will not be disappointed.

**Delcona's Gloster**—Is closely related to Delcona's Indian Gloster lot No. 31 in this catalog. She is very much the same with an extra good back, lots of width and plenty of depth, and I never had an animal with a sweeter disposition. She will be bred to Broadfields Bounty. We have fourteen of his calves and everyone a good calf and everyone a good color. You buy breeding cattle for their calves. Take the time to see the bull they are bred to and see his calves and then you can buy these heifers with confidence and not be disappointed.

Delcona's Indian Gloster is an outstanding heifer both in color and form. She is a nice even roan and look at the nice color all through her pedigree, she has lots of width and plenty of depth and if you like good ones you will like this one. She will be bred to Broadfields Bounty shown as reference in this catalog. Study these pedigrees carefully, then we invite you to the farm to see Broadfields Bounty and to see 14 of his calves from all colored cows and you will find solid red calves from roan cows and a roan calf from a white cow. Breeding cattle are worth as much as their ability to produce. The bull is half of it. See the other half of lot No. 30. If it were not good we would not insist.
